## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 2-3, 5-12, 16-23 and 26-28 rejected under 35 U.S.C. 102(b) as being anticipated by Power et al. (Chem. Com., 1998, (8), 873-874).

The reference discloses a method of preparing the poly(anthrax-9,10-quinone-2,6-diyl shown below formula 1, which is useful for electrochromic display and as charge injection layers in electroluminescent.

The commercial compound of 7 was converted to 8 and after reductive acetylation of 8 by zinc dust to obtain the anthracene 9. The compound 9 reads on the present formula IIA, wherein  $-\text{CH}_2\text{CH}_3-$  is replaced by  $-\text{OCO}-$  at  $\text{R}^{5,6}$ .

The reference also discloses the polymer 10 derived from precursor polymer 4, which was derived from adduct 6. The polymer 10 reads on the present formula II and formula Ik, wherein -CH<sub>2</sub>CH<sub>3</sub>- is replaced by -OCO- at R<sup>5-6</sup>.

### Allowable Subject Matter

- Claims 4, 13, 24-25, 29 and 31-32 are allowed.

4. Claims 14 and 15 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

*Response to Arguments*

5. Applicant's arguments, see remarks, filed 3/22/10, with respect to the rejections in the previous Office action have been fully considered and are persuasive. Therefore, the rejections have been withdrawn. However, upon further consideration, new grounds of rejection are made in the section 2 above cited.

*Conclusion*

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
